Problem – Solution Fit Template:

Problem–Solution Fit is a framework used in entrepreneurship, product design, and innovation to ensure that the solution you’re building directly addresses a real customer problem in a way that aligns with their current behaviors and needs.

Purpose:

- ☐ Solve complex problems in a way that fits the state of your customers.
- ☐ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- ☐ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ☐ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ☐ Understand the existing situation in order to improve it for your target group.
